**Cost:** **Free to attend**

**Childcare provided:  1 yrs old – 6th grade**
    **ROOTS (7th – 12th grade) plan is TBA**

**At what age should a child have a smart phone? What apps are on your child's phone? What social media are they using?** According to the Pew Research Center, nearly three-quarters of teens have a smartphone; and that figure is probably higher for teens living in our community. Digital technology is an excellent tool to make and enhance social relationships, however, it can also expose our children to significant risk.

We are excited to have Clayton Cranford, cyber safety expert and Orange County Sheriff Sergeant, visit to help us navigate this very important subject. He created Cyber Safety Cop, an Internet and social media safety program. It teaches parents and students how to avoid the inherent risks of social media and other web-based platforms by knowing the danger signs and using safe practices.
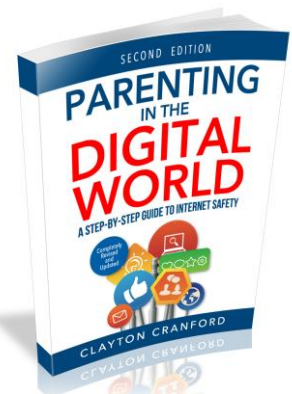

Clay Cranford will discuss:
- Current impact of bullying in schools
- Current apps kids are using and what you need to know about them
- Risks associated with popular social media sites
- "Sexting" and online predators
- How to set expectations and consequences
- How to monitor online activity
- How to talk to your child about pornography
- Parental controls and privacy settings

**FOR ADULTS ONLY.**
**BECAUSE OF THE NATURE OF THE SUBJECT MATTER,**
**CHILDREN (under 18) ARE <u>NOT</u> PERMITTED**
**IN THE PRESENTATION.  THANK YOU FOR**
**UNDERSTANDING.**

Clayton Cranford is a law enforcement professional and one of the nation's leading educators on social media and behavioral threat assessments. He is the author of *Parenting in the Digital World,* winner of the National Bullying Prevention Award.

Clay Cranford's book, *Parenting in the Digital World*, will be available for sale at the event. $20.00 (cash or credit card).

It is an important tool to making your child's digital world safe.
